

Endless - Type 5

Flat Eye and Eye - Type 3

Universal Link - Type U

Attached Eye Cargo Basket - Type 9

Nylon Web Slings

- Nylon webbing is recommended for general purpose lifting
- Red core warning yarns indicate wear for easy inspection and replacement
- Required tags show rated capacities and material type
- Meet OSHA 29 CFR 1910.184 and AMSE B30.9 Standards

Endless-Type 5—Versatile slings economically priced for use in all three types of hitches: vertical, choker, and basket. Spread sling legs for improved load balance. Sling rotates to minimize wear.

Flat Eye and Eye-Type 3—Popular slings for use in all three types of hitches. Easier to remove from beneath the load than sling Types 1, 2, and 4.

Reverse Eye-Type 6—Features reinforced eyes and wear pads on both sides of body and eyes for maximum wear resistance. Butted edges are sewn together to double the sling width.

Twisted Eye and Eye-Type 4—Similar to Type 3 except eyes are turned 90° and nest easily on the crane hook.

Universal Link-Type U—Helps extend sling life by protecting webbing from abrasion on rough crane hooks. Features Unilink fitting with Web-Trap on each end for use in three hitch types. Unilinks allow choking from either end to help vary wear points.

Attached Eye Cargo Baskets-Type 9—Light-duty basket sling has a wide body for load stability.
