Garage Door Thresholds and Seals

THRESHOLD KITS

Form a weathertight seal under garage door to prevent drafts, dust, moisture, debris, and insects from entering. Use with garage door bottom weatherstrip.

SEALS FOR TOP AND SIDES

Seal out moisture, air, insects, and dust. Cut to length with a handsaw.

BOTTOM SEALS

Stay flexible up to -30°F.

Garage and Dock Door Brush Weather Seals

■ Polypropylene brush

Energy-saving overhead door brush weather seals help prevent elements from entering the building through gaps in or around the loading docks.
