High-Maneuverability Cube Trucks

Trucks can spin 360°, allowing them to navigate tight areas such as laundry rooms, hallways, aisles, stock rooms, production floors, and kitchens.

General Purpose Cube Trucks

Used for a variety of material-handling applications. They have a mix of rigid casters and swivel casters that allow them to both move around curves and obstacles and track a straight course while rolling.

Easy-Load Cube Trucks

Side cutouts allow trash, packages, and other heavy or bulky objects to be loaded into the trucks without having to lift them over the full height of the container wall.
