Slide-On Mop Heads

String mop heads pair with compatible handles to remove large spills and stains. String mops are highly absorbent for scrubbing hard floor surfaces and grout.

Slide-on mop heads have a smaller headband designed for touchless removal and quick installation of clean mop heads onto a slide-on, or side-gate, mop handle. Choose from disposable for single-use or launderable for repeated use.

String Disposable No Tailband 16W230

String Disposable No Tailband 15F237

String Launderable With Tailband 1TYT7

Tube Mop With Tailband 6PVY8

Screw-On Disposable String Mop Heads

- Cut mop end
- Natural color

Screw-on mop heads have internal frames covered by mop material, increasing the mop's

contact surface area and allowing absorption all the way to the handle connection. Mop heads interchange quickly with compatible screw-on handles and are disposable for single-use.
