Sponges

Dual-sided scrubber sponges feature an abrasive side for more aggressive cleaning and a soft, absorbent side for wiping away messes. **Cleaning sponges** are suitable for general-purpose soap and water or detergent-based cleaning, as well as picking up spills on most surfaces. **Natural sponges** feature biodegradable wet cellulose construction. They are suitable for general soap and water or detergent-based cleaning, as well as picking up spills on most surfaces. **Sponge cloths** are highly absorbent, washable, and reusable alternatives to paper towels for all-purpose wiping and cleaning on most surfaces.
