

1-800-GRAINGER (472-4643)

Plaza Series Outdoor Trash Cans

Fully covered top and spring-loaded doors hide waste, reduce odors, and keep out pests and rodents. Slide-out bag holder supports bag and keeps it open allowing workers to change bags without bending. A compatible rigid liner can be used in place of the bag holder to make this plastic container FM approved.

Landmark Series Outdoor Trash Cans, Frames and Panels

Plastic cans and frames include a leakproof rigid plastic liner and offer a hinged hood with a stay-open strap for easy access to rigid liner. **Trash Cans** have a recessed panel frame that can be used to hold advertising, or can hold a compatible window-washing kit. **Trash Can Frames** have all four sides open for tossing trash, add decorative rock panels to suit the application or environment. Panels sold separately below. Use with a trash bag to help keep liners clean and ease trash collection. Bolt-down base prevents tipping or moving. Rugged construction withstands exposure to weather.

Glutton Series Square Plastic Outdoor Trash Cans and Tops

Canopy Top
Red
D0247

Hold more trash than round cans with a similar footprint. Heavy-duty plastic resists fading, cracking, and denting, and are lighter and more dent-resistant than metal cans making them easier to move. Collect and contain waste with or without trash bags. Cans and tops sold separately.
