

Fire-Resistant Wastebaskets

Durable steel wastebaskets collect and contain waste wherever small-capacity trash containers are needed indoors; resist odors and staining. Fiberglass wastebaskets have a narrow design to save floor space and resist chipping and denting; will not rust.

Heavy-Duty Plastic Trash Cans and Lids

Resist dents, cracking, fading, and corrosion. Use for general trash collection in back-of-house settings such as kitchens and janitorial facilities. They can be used with or without a trash bag. Match lids with the Brand and Capacity you need for the perfect fit. See page 1502 for recycling options.
