

4PGR5

Half-Round Plastic Trash Cans

Place against a wall to save floor space in hallways, break rooms, and other places where space is limited. Plastic resists dents and won't rust or chip. An open top makes it easy to add trash and change trash bags. Trash cans include rigid plastic liner. 4PGR5 top is made to fit these trash cans.

Trash Can Dollies

Wheeled Trash Can Dollies support the can so it can be transported around a facility without dragging or lifting. Have (4) 3"-wide casters.

Wheeled Trash Can Dolly with Handles has large rear wheels so the dolly can be used on uneven surfaces and rough terrain, such as those found in landscaping and construction settings. The ergonomic handle reduces strain on users and allows the dolly to be tipped back to make it easier to maneuver.

Slim-Profile Rectangular Plastic Trash Cans and Lids

Place flush against a wall or in a corner in breakrooms, copy rooms, and other areas with limited floor space. Plastic cans won't chip and resist dents and rust. Lids help contain waste and odors, keep out water, and keep pests from disrupting waste.

Slim-Profile Slim Jim Rectangular Plastic Trash Cans, Lids, and Dollies

Plastic trash cans won't chip and resist dents and rust. Cans with venting channels help reduce the force needed to remove a full trash bag. Trash can lids are compatible with 23-gallon Slim Jim trash cans. Connectable dollies lock 2 or more cans together to move multiple units in 1 trip, or use individually.
