Heat-Reflective Aluminized Clothing

- Reflects up to 95% radiant heat

STEEL GRIP

5-ply Dual Mirror construction provides wear resistance, reflectivity, and resistance to molten metal splash. 15-oz. aluminized PFR Rayon (ARL) fabric is used for short-term exposure. 19-oz. aluminized Thermonol (ATH) is a Kevlar/fiberglass fabric for long-term contact.

Jackets

Feature laydown collar and semiraglan sleeves. Covered front snaps with wrist snap closure. Seams are serged and stitched with Kevlar.

Hoods and Replacement Faceshield

Include swing-open, clear 7" x 11" Lexan facepiece. Adjustable ratchet suspension.

Gloves

Kevlar blend gloves have an aluminized back to reflect radiant heat and a wool lining for thermal protection and protect up to 900°F intermittent handling.

Bib Aprons

Adjustable web neck and waist straps attach with clip snap and D-ring fasteners. All edges are serged.

Description	►CHOOSE: Size	Item No.
Steel Grip		
15-oz. Aluminized PFR Rayon		
Jacket, 35" Length	L, XL, 2XL	D1263
Hood w/Ratchet Headgear	Universal	5T326
Bib Apron	24" x 39"	5T338
19-oz. Aluminized Thermonol		
Jacket, 35" Length	L, XL, 2XL	D1265
Hood w/Ratchet Headgear	Universal	5T336
Gloves, Pair	Universal	5T328
Bib Apron	24" x 39"	5T339
Accessories		
Replacement Faceshield for Hoods 5T326 and 5T336	Universal	5T327
Heat Cover Pad for Gloves 6AD64 and 5T328	Universal	2AV46

NSA

Aluminized Carbon Kevlar fabric provides excellent thermal insulation and maximum protection against molten metal splash, including molten iron and aluminum.

Coats

Feature front snap closures with back flap and underarm eyelets for ventilation. Split sleeve with snap closures.

Hood

Fitted hood allows hard hat use. Extended bib provides chest, back, and shoulder coverage. Adjustable leather shoulder straps fasten under armpits and secure the hood in place. Lens/faceshield clips on aluminum frame. Features a gold film that radiates heat.

Sleeves

Snap wrist closure and open top.

Gloves

Heat- and abrasion-resistant gloves with open-palm style and reversed wool lining for thermal protection.

Bib Apron

Adjustable leather straps on the neck and at the waist fasten with a buckle and snap to secure the apron in place.
