## Flammables Safety Cabinets

- For small container storage
- For indoor use
- Meet OSHA and NFPA Code 30 Standards
- FM Approved

Steel safety cabinets for flammable and combustible liquids reduce the risk of the contents igniting in the event of a fire or as a result of environmental conditions. Cabinets are available in various colors to indicate cabinet contents to first responders. They also provide additional time for workers to evacuate or for sprinkler systems to extinguish a fire. All models include leveling feet, except those with legs. All cabinets offer recessed pull door handles, except 30 and 90 Min EN rated cabinets have bar handles. Justrite combo model 4HTU4 can be padlocked. Jamco, Eagle and Justrite have keyed locks.

**Standard K3033**  
(Contents not included.)

**Standard Combo with Safety Cans 4HTU4**  
(Contents not included.)

**Standard with Legs 55EC11**

**Slimline 1YNG8**

**Undercounter 19T255**

**Countertop Stackable 1YNG7**

**Countertop 13M525**

**Wall-Mount K2477**
