Cup Sink 4AYJ4

ORION Counter-Mounted Hospital and Lab Sinks

■ 1 1/2" drain opening
Black, polyethylene cup sinks are resistant to corrosion, scratches, and chemical reactions. They fit into a hole cut out of a lab countertop. A rolled and finished rim, or protruding edge, sits above the countertop and overhangs the hole in the counter to keep the sink in place. They are suitable for use in both educational and commercial laboratories.

5JC22

Counter-Mounted Hand Sinks & Hand Wash Stations

Stainless steel drop-in sinks are ideal for washing hands in classrooms, cafeterias, and laboratories. They have a rolled, finished edge that overhangs the countertop to keep it in place. 5JC22 has a mouth guard that flexes on impact and a built-in adjustable flow control.
