FlexCart. Mobile-SHOP

Tool-Equipped Utility Carts

These mobile carts are stocked with an assortment of general maintenance tools. Wheels or casters allow them to roll along flat surfaces. Their flat top can hold a tool box or chest and doubles as a work surface.

Modular Utility Carts—Steel frame provides support for heavy-duty use. Removable components can be used off-cart as a separate storage solution.

Utility Carts with Drawers—Support heavier loads and withstand more frequent use than light-duty carts. Drawers slide open for access to load/unload items.

Utility Carts with Drawers and Cabinets—Carts support heavier loads and withstand more frequent use than light-duty carts. Drawers slide open for access to load/unload tools. Cabinets can hold bulky items.

Insulated Electrical Tool Sets

These versatile sets include an assortment of tools with nonconductive coatings or covers that protect against electrical shock.

Tool Only Sets—Include tools only and allow use with an existing storage solution.

Tool Sets with Rolling Tool Case—This case tilts back to roll on its wheels along flat surfaces and up or down stairways. The case handle extends for pulling; retracts to form a base that supports the case when loading/unloading tools.

Tool Sets with Tool Backpack—Shoulder straps evenly distribute weight; keep hands free while transporting tools. It holds bulky items in its large center pocket; organizes small items in its smaller inside and outside pockets.

Tool Sets with Tool Bag—Holds bulky tools in its large center compartment to ease access. Inside/outside pockets organize smaller items.

Tool Sets with Tool Case—Folds open to make tools visible for selection and folds closed to protect tools when not in use. Slots keep tools organized and prevent them from sliding around during transport.

Tool Sets with Tool Pouch—Holds tools in open-top slots that keep frequently used items within reach. Attaches to a belt and provides on-the-go storage to prevent tools from being misplaced.

Tool Sets with Tool Roll—Lies flat to load or lay out tools; rolls up for storage. Slots or pockets keep tools from sliding around during transport.
