

Electronic Pest Repellers

ULTRASONIC BIRD REPELLERS

Balcony Guard—Keeps birds away with continuous or motion-sensor operation. Weatherproof. 120V power or (4) C batteries (not included). Includes mounting kit.

Ultrason X—Ultrasonic sounds get rid of birds, bats, rodents, and more. Weatherproof. For indoor or outdoor use.

Quad Blaster—Ultrasonic sound waves attack birds and bats in any enclosed or semi-enclosed areas. For indoor use only. 3NZD2 includes red strobe light that acts as visual deterrent.

SONIC BIRD REPELLERS

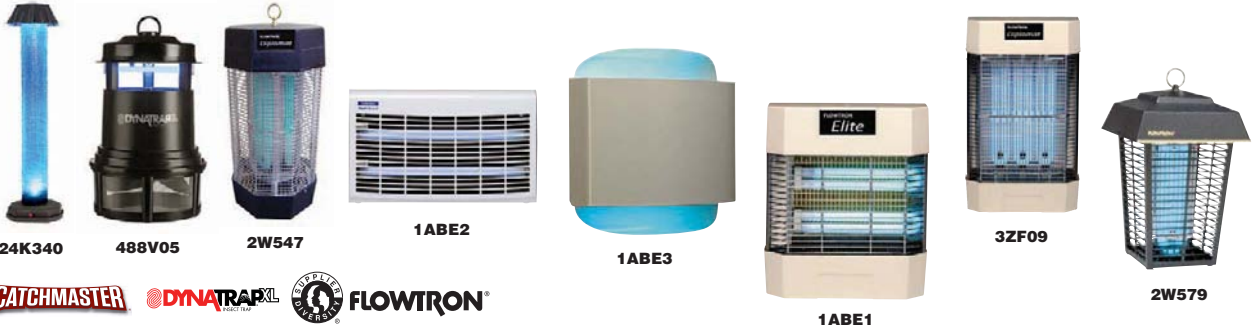

Broadband PRO—Controls bird pests with ultrasonic and sonic signals. Has a series of species-specific distress cries and predators' noise. Includes 3 visual predators: Scare Eyes, Prowler Owl, and Irri-Tape. For indoor or outdoor use.

BirdXPeller PRO and PRO 2—Bird distress sounds and predator noises are effective against targeted species. 6WB52 repels pigeons, starlings, sparrows, and gulls. 8DML0 repels grackles, blackbirds, crows, cormorants, and ravens.

Super BirdXPeller PRO and PRO 2—Use birds' own distress calls to scare them away. Include control unit, 4 speakers, and 100-ft. of speaker wire. For outdoor use. 1DGW7 is effective against pigeons, starlings, sparrows, and gulls. 5PTU5 is effective against grackles, blackbirds, crows, cormorants, and ravens.

Electronic GooseBuster PRO Single Speaker System—Sonic goose repellent system developed through decades of research uses authentic goose alert and alarm calls recorded in the wild. Audio makes areas uninhabitable for geese. Behavior modification teaches them not to return.

Description	Coverage	Item No.
Ultrasonic Bird Repellers		
Balcony Guard	900 sq ft	34Z719
Ultrason X	3600 sq ft	1DGW6
Quad Blaster	6500 sq ft	1DGW4
Quad Blaster with Strobe	6500 sq ft	3NZD2
Sonic Bird Repellers		
Broadband PRO	10,000 sq ft	1DGW3
BirdXPeller PRO	Up to 1 acre	6WB52
BirdXPeller PRO 2	Up to 1 acre	8DML0
Super BirdXPeller PRO	Up to 6 acres	1DGW7
Super BirdXPeller PRO 2	Up to 6 acres	5PTU5
Electronic GooseBuster PRO Single Speaker System	Up to 1.5 acres	45LW36
Remote Extension Speaker		
For Use with 1DGW3, 1DGW4, 1DGW7, 3NZD2, 5PTU5, 6WB52, 8DML0	Up to 1 acre	6WB56

Electronic Insect Killers and Accessories

Safe and effective electronic units attract flies and other light-sensitive flying insect pests with multiple attractants, including ultraviolet light and pheromone-based lure.

Adhesive Board—Safe, silent traps draw pests to a strategically placed large-capacity adhesive board, where they get stuck and remain trapped. Once full, boards are easy to dispose of and replace. 24K340 GLostik Flying Insect Trap features a reflective

cap with high-efficiency LED light to attract and trap insects to the disposable glue tube. Portable, reusable, battery-operated base with LED lasts up to 10,000 hr. Uses (3) AAA batteries not included. NightGuard 1ABE2 is a portable, free-standing unit. Galaxie 1ABE3 and 1ABE5 use a combination of ultraviolet energy and Flowtron's exclusive fly attracting pheromone. Ideally suited for installation in front-of-store locations. Elite Stun Unit 1ABE1 special stun effect ensures out of sight capture.

Lantern Style—Whisper quiet operation, no zapping or buzzing. UV light attracts insects then the fan pulls them into the screened base to trap them where they dehydrate and die. Base is removable for easy emptying.

Zapper Lantern Style—Once drawn to the unit, insects fly through an electrostatically charged grid where they are killed instantly. 2W546 and 3ZF09 have removable collection chambers.
