Insect Traps and Flyswatters

Fly Traps—5YAY4 controls nuisance flies and also monitors fly populations to help determine when to treat. 5ZPK8 is a nontoxic, odorless and transparent sticky trap that mounts on indoor window panes to trap all types of flying insects. 8DF85 and 8CNR3 have a multibait attractant designed to lure multiple fly species. 8DF85 provides inconspicuous pest control. 8CNR3 features a fluorescent chartreuse color and double-sided surface area to trap up to 10,000 flies. 45WP99 has a specially formulated lure designed to attract a broad range of flies. Just add water and hang. Features safety lock cap and leakproof design. Disposable.

Moth Trap—Adhesive trap has multi-bait attractant for common flour and grain moths. Disposable.

Crawling Insect Glue Trap—Use for trapping crickets, roaches, spiders, and other crawling household pests. Disposable.

Bed Bug Prevention and Detection Device—Help identify post-treatment activity. Provides easy visual inspection through the clear shell; for use under mattresses. Reusable.

Flyswatters—Stiff plastic mesh head measures 5 in W x 5 in L.
